

The Centered Space

Parents and carers

Waiting for therapy that actually **gets** your child?

Speech pathology for school-age children and teens, and younger children with complex communication needs. Gold Coast, or online anywhere in Australia.

A boy in his Where's Wally outfit, sharing a joke.

— Who is this for, and what do we help with?

Children who are hard to understand

Talking, listening, finding words, and being understood.

Children who use AAC

A device, signs or pictures. We treat AAC as a language.

Children who stutter

Or whose voice is hoarse or tired more days than not.

Eating, drinking and swallowing

Mealtimes that work for the whole family.

Teens who want to be understood

At school, with friends, and at home.

— Where and how do sessions happen?

Where life happens

At home, at school, in the community, or in the clinic. Online anywhere in Australia.

We train the people around your child

So it keeps working when we are not there.

— When do Fiona's books open?

Fiona Wright's books open **Tuesday 10 November 2026**

Fiona Wright, speech pathologist, works Tuesday to Thursday. Our speech team has room now.

What does it cost and who pays? NDIS funding may cover speech pathology where it aligns with the participant's goals and approved plan. Not all NDIS plans include speech pathology supports. **Plan-managed and self-managed plans.** We are not NDIS-registered. \$193.99 an hour, the NDIS price limit. Check your plan, and take your time.

— How do I start?

- 1 Join Fiona's waitlist on the page below, or scan the code. Liz, our NDIS specialist, calls you within one business day, or email or text her if you would rather.
- 2 If we are the right fit, we match your child with the best-suited clinician. If not, we point you to someone who is. Nothing is booked until you say so.

Liz, our NDIS specialist
