

The Centered Space

Support Coordinators and referrers

Got participants waiting for speech pathology with **nowhere to go?**

Plan-managed and self-managed plans. Our speech team has room now. Fiona Wright, speech pathologist, is joining the Gold Coast team. Her books open Tuesday 10 November 2026.

A skateboard session: therapy where the barrier happens.

— Who is this for?

Children, teens and adults

Plan-managed or self-managed. We are not NDIS-registered, so we cannot bill agency-managed plans.

Participants waiting for speech pathology

Communication, AAC, stuttering, voice, aphasia, swallowing.

Complex and community cases

Unsure whether a case is complex? Send it. We say so honestly if we are not the right fit.

— What do we help with?

Communication and language

AAC as a language

Aphasia, stuttering and voice

Swallowing and mealtimes

— Where and how do sessions happen?

Where the barrier happens

Home, school, work, the community, or the clinic. Gold Coast, Brisbane and Northern NSW in person. Online anywhere in Australia.

Every clinician is a trained key worker

AAC from the start, no masking goals, long-term relationships. You are included in every communication.

— When do Fiona's books open?

Fiona Wright's books open **Tuesday 10 November 2026**

Fiona works Tuesday to Thursday, Gold Coast in person or online. Our wider speech team also has room. No sign-by date: the participant chooses, in their own time.

— The referral path

- 1 You refer on the page below, or email Liz. Tell us the participant's name, plan management type, what is happening, and who else is involved.
- 2 Liz, our NDIS specialist, calls you within one business day.
- 3 Suitability chat with the participant or family. If we are the right fit, we match them with the best-suited clinician. If not, we point you to someone more aligned.
- 4 Service agreement, then therapy where life happens: home, school, work, the community, or online.
- 5 You are included in every communication, from the service agreement to the reports.

What does it cost and who pays? NDIS funding may cover speech pathology where it aligns with the participant's goals and approved plan. Not all NDIS plans include speech pathology supports. **Plan-managed and self-managed plans.** \$193.99 an hour, the NDIS price limit for therapy supports. Check the participant's plan. We confirm rates in writing before any work begins, and NDIS education is always free.
